## Easy smart lighting

Fill your space with light while casting a subtle glow onto the ceiling with the large Infuse ceiling light in black, made for larger spaces such as living rooms. Set the mood with colorful light, or relax with warm tones.

### Easy smart lighting

- Control up to 10 lights with the Bluetooth app
- Set up hands-free voice control
- Create a personalized experience with colorful smart light
- Optimized light recipes for your daily activities
- Unlock full suite of smart light features with Hue Bridge

# Highlights

## Control up to 10 lights

With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home. Add up to 10 smart lights and control them all with just the touch of a button on your mobile device.

## Set up hands-free voice

Philips Hue works with Amazon Alexa and Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Control multiple lights in a room or just a single lamp with simple voice commands.

## Personalized experience

Use millions of colors of light to transform any room in your home, instantly creating a unique atmosphere. With the touch of a button, you

can transform your living room with a pink glow or light your entire home in vibrant colors to turn any night at home into a personalized party.

## Optimized light recipes

Use the preset Philips Hue light recipes to fit your mood or activities throughout the day. Start your day with the bright white light of the Energize light recipe, or unwind with the subtle, soft light of Relax. Reading a book in the bath? Set the Read recipe for just the right light.

## More features with Hue Bridge

Add a Hue Bridge (sold separately) to your smart lights to experience the full suite of Philips Hue features. With a Hue Bridge, you can add up to 50 smart lights to control throughout your home. Create routines to automate your entire smart home lighting setup. Control your lights while away from home or add accessories such as motion sensors and smart switches.
